

<b>Feb 03, 2024 (Saturday)</b>		
08:30 onwards	Registration and Networking	
<b>Session V: Target Specific Cancer Immunotherapy</b>		
<b>Chairperson/s</b>	Anil Suri, Purvish Parikh , Upendra Sharma	
09:00 – 09:20	4-1BB-Based Cancer Immunotherapy	Rohit Singh Korea
09:20 – 09:40	Neoantigens in Chronic Leukemias: Promising Vaccine Targets	Gurvinder Kaur New Delhi
09:40 – 10:00	Generation of Off The Shelf Multi virus T Cell Therapy With Common HLA Alleles In Indian Population For Patients Undergoing HSCT	Meenakshi Singh Mumbai
10:00 – 10:20	Relevance of HLA for off-the-shelf therapies	Gaurav Sharma Chandigarh
10:20 – 10:30	General Discussion	
10:30 – 10:45	Break	
<b>Session VI: Clinical Relevance of Antibodies in Transplantation</b>		
<b>Chairperson/s</b>	Narinder Mehra, Naimish Mehta, Manish Gupta	
10:45 – 11:15	Best practices in HLA antibody testing and interpretations	<b>Keynote Lecture 2</b> Robert Liwski Canada
11:15 – 11:35	Molecular prediction of graft outcome in kidney transplantation: myth or reality?	Biman Saikia Chandigarh
11:35 – 12:05	Nine Year Follow Up Studies of 2629 Kidney Transplants Revealed That Certain Preformed HLA Antibodies Are Tolerable And Do Not Affect Outcome	<b>Keynote Lecture 3</b> Raja Rajalingam USA
<b>Session VII : Algorithm For Matching And Monitoring: SOT</b>		
<b>Chairperson/s</b>	T S Sadasukhi, Vinay Malhotra, Yashu Saini	
12:10 – 12:40	HLA Amino Acid Mismatch Based Risk Stratification of Kidney Allograft Failure Using A Novel Machine Learning Algorithm	<b>Keynote Lecture-4</b> Malek Kamoun USA
12:40 – 13:00	Paired Kidney Transplantation: Through the Lens of Histocompatibility	Dr Feroz Aziz Calicut
13:00 – 13:45	Lunch and Trade Exhibition	
13:45-14:30	GenDx & BAG Symposium: Advancing Frontiers of Histocompatibility Testing	Jan Duikar Netherland
<b>Session VIII: Case Reports and Panel Discussions</b>		
<b>Moderators:</b> Narinder Mehra, Manish Balwani, R M Jaiswal		
14:30 – 14:50	Challenges And Expectations For Running A Large Diagnostic Laboratory In India	Anand K Agilus Diagnostics Ltd
14:50 – 15:50	Case Discussion	Prashant Pandey Mohit Choudhary Yoginder Pal Singh Meenakshi Singh
15:50 – 16:00	Break	

ISHICON

2<sup>nd</sup> - 4<sup>th</sup> February 2024, MGUMST, Jaipur, INDIA

*Evolving Landscape of Immunogenetics and Transplant Evaluation*

<b>Feb 03, 2024 (Saturday)</b>		
<b>Session-IX: Young Scientist Presentations-II</b>		
<b>Chairperson/s</b>	Uma Kanga, Ajay Baranwal, Manju Raghav	
16:00 – 16:10	Analysis of high-resolution HLA typing in North Indian population and their comparison with published data	Simmi Mehra Gurugram
16:10 – 16:20	Comparative Analysis of HLA Virtual Crossmatch and Physical Crossmatch in Organ Transplantation	Rajeshwari Basavanna Mumbai
16:20 – 16:30	Efficacy of Therapeutic Plasmapheresis in the Management of Acute Humoral Rejection among Recipients of Live-Related Renal Transplants: An In-depth Exploration Based on a Singular Institutional Experience	Anshika Yadav Jaipur
16:30 – 16:40	Pre and Post-transplant monitoring of Chimerism predicts the effectiveness of Hematopoietic Stem cell transplantation in category HLA and Disease Association	Vandana Sharma Gurugram
16:40 – 16:50	Novel Flow Cytometry-Based Method for Detection of Anti-HLA Complement Activating Donor-Specific Antibodies in Renal Transplant Recipients and Its Comparison with Other Conventional Detection Methods	Heera Singh Chandigarh
16:50 – 17:00	A case series on the importance of physical crossmatch in the era of virtual crossmatch – Old is Gold	Gayathiri Kaduveti Chellaiya Vellore
17:00 – 17:10	Management of Platelet Refractory patients having HLA antibodies.	Jyoti Rajak Mumbai
<b>Session X: Poster Presentation Session</b>		
17:10 – 18:00	Poster Evaluation and Discussions Chairs: Gurvinder Kaur, Gaurav Sharma, Monika Jain	
19:30 Onwards	<b>Gala Dinner: An Evening to Remember</b> <i>Venue: CBR Hall, Hotel Intercontinental(Crown Plaza), Tonk Road, Jaipur</i>
