7th Conference of the
Indian Society For Histocompatibility & Immunogenetics

ISHI

ISHICON

2nd - 4th February 2024, MGUMST, Jaipur, INDIA

Dear Sir/Madam....

We are happy to announce that the 7th Conference of the Indian Society for Histocompatibility and Immunogenetics" i.e. **ISHICON-2024** will be organized by Mahatma Gandhi University of Medical Science and Technology located at the beautiful pink city of Jaipur, India from Feb 2-4, 2024. Besides regular members of ISHI, participants from the Arabian Histocompatibility & Immunogenetics (ARSHI) and the Hongkong society of Histocompatibility & Immunogenetics (HKSHI) will attend the 7th ISHICON. We expect a good participation of 300-400 delegates in the conference.

ISHICON is the largest gathering of scientists working in this field in the South Asia region and we are expecting an overwhelming response from all across India and the neighbouring countries. Speakers of immense repute will be delivering talks on current topics in the plenaries while including theme-based sessions on basic, clinical, diagnostic and translational aspects of transplant immunology and clinical immunogenetics.

It is proposed to have 'Technology update sessions' during the lunch hour on all three days of the conference.

This is a great opportunity for companies like yours to showcase products and reagents to the end-users as well as address the participants about your latest technologies and software related to HLA, immunogenetics and Allied Sciences. Platinum and Gold sponsors will have a 25-minute slot for a dedicated lecture.

Attached are the options available for company participation. You may contact us for further details, if any. May we ask you to book a presentation slot as early as possible. We look forward to your active participation in this mega-scientific meeting.

Best Regards,

Organising Team
ISHICON-2024
Jaipur, India
